

Product Profile

Dingbat® SMALL-EX Power Package with PEDAL POWER® X8

DINGBAT® SERIES OVERVIEW

Designed for seamless integration with industry-standard Voodoo Lab® Pedal Power®, the innovative patented Dingbat pedalboard delivers a rugged, lightweight platform for organizing pedals and keeping cables neatly tucked away and out of view. Each Dingbat is crafted in the USA from superior 6061-T6 aircraft-grade aluminum and includes a heavy-duty tour-ready gig bag.

PRODUCT OVERVIEW

Dingbat® Small-EX Power Package with Pedal Power® X8 features factory-installed power and is ideal for assembling a compact and lightweight travel board with 6 to 8 effects. Its 10" depth easily accommodates a full size wah or volume pedal, while still maintaining an airline carry-on size. Hook-and-loop tape is provided to attach pedals, as well as zip ties and 4-way tie mounts to secure cabling underneath.

POWER SUPPLY

Pedal Power X8 is a professional compact, ultra-lightweight power supply equipped with eight 500mA isolated 9V DC outputs. X8 delivers zero-noise audiophile-quality power that maximizes the sound and performance of everything from standard battery-operated pedals to modern high current DSP effects. Pedal Power X8 works at any input voltage making it an ideal choice for international touring. All necessary power cables are included.

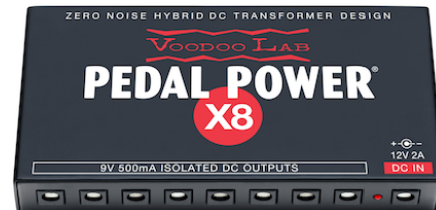

GIG BAG

Each Dingbat Small-EX pedalboard includes a heavy-duty tour grade padded gig bag featuring a padded shoulder strap for easy transportation and premium materials, like YKK zipper hardware, to ensure long-lasting protection for your board and pedals. The Dingbat Small-EX gig bag meets all commercial airline carry-on requirements.

Product Profile

Dingbat® SMALL-EX Power Package with PEDAL POWER® X8

Short Description
