

Product Profile

Dingbat® SMALL-EX Power Package with PEDAL POWER® 2 PLUS

DINGBAT® SERIES OVERVIEW

Designed for seamless integration with industry-standard Voodoo Lab® Pedal Power®, the innovative patented Dingbat pedalboard delivers a rugged, lightweight platform for organizing pedals and keeping cables neatly tucked away and out of view. Each Dingbat is crafted in the USA from superior 6061-T6 aircraft-grade aluminum and includes a heavy-duty tour-ready gig bag.

PRODUCT OVERVIEW

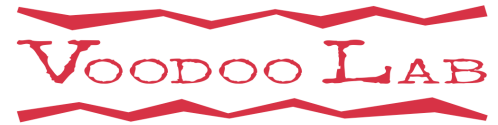

Dingbat® Small-EX Power Package with Pedal Power® 2 PLUS features factory-installed power and is ideal for assembling a compact and lightweight travel board with 6 to 8 effects. Its 10" depth easily accommodates a full size wah or volume pedal, while still maintaining an airline carry-on size. Hook-and-loop tape is provided to attach pedals, as well as zip ties and 4-way tie mounts to secure cabling underneath.

POWER SUPPLY

Pedal Power® 2 PLUS is equipped with eight isolated 9V DC outputs, delivering industry-leading power that makes pedals perform and sound their best. With switchable 12V options and two 250mA outputs, this super versatile industry standard supply powers both standard battery-operated and high current DSP effects. The 2 PLUS also includes a SAG feature to simulate a low battery effect and a handy 200-Watt courtesy outlet for powering additional devices like multi-effect units or wireless systems. All necessary power cables are included.

GIG BAG

Each Dingbat Small-EX pedalboard includes a heavy-duty tour grade padded gig bag featuring a padded shoulder strap for easy transportation and premium materials, like YKK zipper hardware, to ensure long-lasting protection for your board and pedals. With external dimensions of 21" x 12.5", the Dingbat Small-EX gig bag meets all commercial airline carry-on requirements.

Product Profile

Dingbat® SMALL-EX Power Package with PEDAL POWER® 2 PLUS
