

Product Profile

Dingbat® SMALL-EX Pedalboard

DINGBAT® SERIES OVERVIEW

Designed for seamless integration with industry-standard Voodoo Lab® Pedal Power®, the innovative patented Dingbat pedalboard delivers a rugged, lightweight platform for organizing pedals and keeping cables neatly tucked away and out of view. Each Dingbat is crafted in the USA from superior 6061-T6 aircraft-grade aluminum and includes a heavy-duty tour-ready gig bag.

DINGBAT® SMALL-EX is the “Goldilocks” pedalboard size. Large enough for a typical 6 to 8 pedal setup but compact enough to stow in the overhead compartment of any commercial aircraft. With its 10” depth, SMALL-EX accommodates a full-size wah, volume, or expression pedal. Installing Pedal Power with the included mounting hardware is quick and easy using only a screwdriver. Hook-and-loop tape is provided to attach pedals, as well as zip ties and 4-way tie mounts to secure cabling underneath.

ORGANIZE

A key element in executing a flawless performance is a clean, organized pedalboard. Dingbat’s innovative patented design helps organize your rig like a pro. All supplies needed for securing pedals and cabling to the board are in the box.

PROTECT

Dingbat SMALL-EX includes a heavy-duty tour-grade soft case that meets carry-on requirements for all commercial airlines. No bag checking required. Premium materials and construction ensure superior performance and long-lasting protection for your pedalboard. A removable shoulder strap is included for easy transportation.

POWER

Dingbat Power Packages offer the convenience and added value of a factory-installed Voodoo Lab isolated power supply. Just add pedals and audio cables and you are ready to go. In addition to convenience, a factory-installed Pedal Power ensures any pedal will sound and perform its best. Even under poor AC line conditions, you can always count on Pedal Power to consistently deliver the cleanest most reliable power possible. Bundle-priced Power Package options for Dingbat SMALL-EX include Pedal Power X8, Pedal Power 2 PLUS, or Pedal Power 3.

Product Profile

Dingbat® SMALL-EX Pedalboard
