

Product Profile

Dingbat® SMALL Pedalboard

DINGBAT® SERIES OVERVIEW

Designed for seamless integration with industry-standard Voodoo Lab® Pedal Power®, the innovative patented Dingbat pedalboard delivers a rugged, lightweight platform for organizing pedals and keeping cables neatly tucked away and out of view. Each Dingbat is crafted in the USA from superior 6061-T6 aircraft-grade aluminum and includes a heavy-duty tour-ready soft case.

PRODUCT OVERVIEW

Dingbat® Small is ideal for assembling a compact and lightweight board with 3 to 6 essential effects. Installing Pedal Power® with the included mounting hardware is quick and easy using only a screwdriver. Hook-and-loop tape is provided to attach pedals, as well as zip ties and 4-way tie mounts to secure cabling underneath.

ORGANIZE

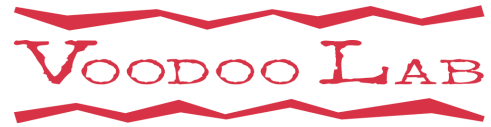

A key element in executing a flawless performance is a clean, organized pedalboard. Dingbat's innovative patented design helps organize your rig like a pro. All supplies needed for securing pedals and cabling to the board are in the box.

PROTECT

Each Dingbat Small pedalboard includes a heavy-duty tour-grade soft case featuring a padded shoulder strap for easy transportation and premium materials, like YKK zipper hardware, to ensure long-lasting protection for your board and pedals. The soft case meets carry-on requirements for all airlines, so no checking required.

POWER

Dingbat Power Packages offer the convenience of a factory-installed Voodoo Lab isolated power supply right out of the box. Just add pedals and audio cables and you are ready to go. In addition to convenience, a factory-installed Pedal Power ensures optimal performance from any pedal. Even under poor AC line conditions, you can always count on Pedal Power to deliver the cleanest most reliable power possible, making your rig sound its very best. Power Packages options for Dingbat Small include Pedal Power X8 or Pedal Power 2 PLUS.

Product Profile
