

Product Profile

Dingbat® TINY Power Package with Pedal Power® X4

PRODUCT OVERVIEW

Dingbat® TINY Power Package with Pedal Power® X4 is a complete powered pedalboard solution for musicians traveling light. Secured in its tour-grade gig bag, TINY is compact enough to stow easily in the overhead compartment or beneath the forward seat of any aircraft. Right out of the box, Dingbat TINY with a factory-installed Pedal Power X4 is ready to power your performance anywhere in the world your music takes you.

The innovative patented design of a Voodoo Lab® Dingbat pedalboard provides a rugged, lightweight platform for organizing your pedals and keeping cables neatly tucked away and out of view. Crafted from superior American 6061-T6 aircraft-grade aluminum, each pedalboard is made in Sonoma County, California.

ORGANIZE

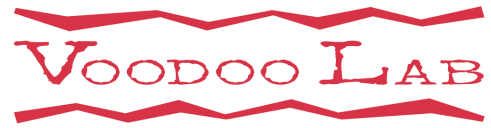

A key element in executing a flawless performance is a clean, organized pedalboard. Dingbat's innovative patent-pending design helps organize your rig like a pro. All supplies needed for securing pedals and cabling to the board are in the box.

POWER UP

The factory-installed Pedal Power® X4 delivers the pure and reliable power necessary for pedals to perform and sound their very best – all with zero added noise. Each Pedal Power X4 supplies isolated power for up to four battery-operated or high current DSP effects. Pedal Power X4 conveniently operates at any mains voltage for international touring.

PROTECT

Each Dingbat TINY ships with a heavy-duty tour grade padded gig bag. Premium materials and construction ensure superior performance and long-lasting protection for your pedalboard. Also included is a convenient removable shoulder strap for easy transportation.

Product Profile
